116TH CONGRESS
1ST SESSION

H. R. _____

To amend title 38, United States Code, to provide for certain requirements relating to the use of the design-build construction method for Department of Veterans Affairs construction projects, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

Mr. BANKS introduced the following bill; which was referred to the Committee
on _____

A BILL

To amend title 38, United States Code, to provide for certain requirements relating to the use of the design-build construction method for Department of Veterans Affairs construction projects, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “VA Design-Build Con-
5 struction Enhancement Act of 2019”.

1 **SEC. 2. FINDINGS; SENSE OF CONGRESS REGARDING THE**
2 **DESIGN-BUILD CONSTRUCTION METHOD FOR**
3 **DEPARTMENT OF VETERANS AFFAIRS CON-**
4 **STRUCTION PROJECTS.**

5 (a) FINDINGS.—Congress makes the following find-
6 ings:

7 (1) The Inspector General of the Department of
8 Veterans Affairs found that, in the Aurora, Colo-
9 rado, replacement medical center project, the De-
10 partment decided to change its acquisition strategy
11 from traditional design-bid-build to integrated-design
12 and construct in the fourth year of the project,
13 which was too late for the integrated design-con-
14 struction firm to provide effective input into the de-
15 sign.

16 (2) In response to deficiencies in the Depart-
17 ment's management of the Aurora, Colorado, re-
18 placement medical center project and in order to
19 prevent reoccurrence of such deficiencies in the fu-
20 ture, Congress enacted section 8103 of title 38,
21 United States Code, which mandates that an appro-
22 priate non-Department Federal entity take over
23 management of future super construction projects of
24 the Department, including project design, acquisi-
25 tion, construction, and contract changes.

1 (3) It has been the policy of the Federal Gov-
2 ernment since the enactment of the Clinger-Cohen
3 Act of 1996 (Public Law 104-106) that design-build
4 shall be used when appropriate circumstances are
5 present.

6 (b) SENSE OF CONGRESS.—It is the sense of Con-
7 gress that—

8 (1) the unsuccessful use of the integrated-de-
9 sign and construct acquisition method in the Aurora,
10 Colorado, replacement medical center project should
11 not be interpreted to mean that design-build, as de-
12 scribed in section 3309 of title 41, United States
13 Code, is unsuitable for construction projects of the
14 Department of Veterans Affairs; and

15 (2) when used properly by adequately trained
16 acquisition and construction management personnel
17 and in the appropriate circumstances, design-build is
18 an effective construction acquisition method for the
19 Department of Veterans Affairs, which has been
20 demonstrated to reduce change orders, decrease the
21 duration between design completion and beneficial
22 occupancy, and increase warranty protections.

1 **SEC. 3. DEPARTMENT OF VETERANS AFFAIRS USE OF DE-**
2 **SIGN-BUILD CONSTRUCTION METHOD.**

3 (a) USE OF DESIGN-BUILD SELECTION PROCE-
4 DURES.—Section 8106 of title 38, United States Code, is
5 amended by adding at the end the following new sub-
6 section:

7 “(d)(1) If the Secretary seeks to enter into a contract
8 for the design and construction of a building or facility,
9 the Secretary shall use the procedures established in sec-
10 tion 3309 of title 41.

11 “(2) In the case of a super construction project for
12 which a non-Department Federal entity provides project
13 management services under section 8103(e) of this title,
14 the Secretary shall not discourage the entity from using
15 the procedures established in section 3309 of title 41.”.

16 (b) COVERED CERTIFICATION PROGRAM.—Section
17 8103(g)(6)(A) of such title is amended by inserting “, in-
18 cluding design-build construction” before the period at the
19 end.
